Alienation Of Affection - Divorce in the USA

Divorce is not just a 20th Century phenomenon. At first, granted by the State Legislature and then by the Courts, these are public records. The case files can include marriage date and place, names and ages of children, current and former residences, and affidavits by the spouses about their marriage and reason for divorce. Clues are in the Census, City Directories, Military Pensions, County Histories, County Courthouses & especially in Newspapers. This could be the reason for a "lost spouse".

Speaker bio - Christine Cohen is a long-time member of the Whittier Area Genealogical Society (WAGS) and currently serves as the Program Director. In addition to WAGS, she is a member of the El Redondo Chapter of the Daughters of the American Revolution (Past 1st Vice Regent), the Society of Daughters of Holland Dames and the Association of Professional Genealogists.
